Conference Recording PINs

Using the conference monitor you can record a conference or part thereof. Every time recording is started a new recording PIN is created. This is required to access the recording at a later date.

Use **Conference Server** - **Conference Recording PINs** in the main menu or using the tab **Recording PINs** in the **Edit** window for the conference you can view a table of recordings and their associated PINs. Example:

PIN	Conference	Date / Time	Action
Conference Recording PINs			
Filter :	0 Showing 0 Records from 0 to 0. Page 0 of 0.
