

Value Reference - Conference Roles

Purpose

The purpose of the ConferenceRoles values is to identify what role a participant has in a conference, which determines the rights of the participant both in the web front and and when controlling the conference by DTMF.

Values

The following values are defined:

Value	Meaning	Comments
1	Manager	The manager of the conference. Can execute all functions via DTMF and via the web.
2	Permanent Speaker	A permanent speaker in the conference. Cannot be muted, but does not have any management functions.
3	Speaker	A speaker in the conference. Can be muted by the conference manager.
4	Listener	A listener in the conference. Cannot be unmuted.
