Tarif Prompts

Choose **Prompt Management - Tarif Prompts** to view a table of predefined tarif prompts (where available) including their ID and use **Play** to listen to them.

To create a new prompt tarif click on **New** in the toolbar. Provide the following information:

Tarif ID	Tarif ID. It could be used for billing.
Name	The name of the tarif prompt.
Content	The short description of the prompt.
File	Wave file with the prompt.

After entry click on **Save**. Use Save to return to the list of the tarif prompts.

In the list of existing tarif prompt use **Edit** to modify the prompt and **Delete** to remove the prompt from the system.
